For plans with 2013 effective dates:

This screen is intended only as general information. It presents only a brief overview of some of the standard in-network benefits of the plan(s) shown. Optional benefits may be available for additional premium.

Before you apply, please use the link(s) provided to download and review the product information for a more complete explanation of benefits, exclusions (including any that may apply to preexisting conditions), limitations, terms under which the plan(s) may not be renewed or benefits may be reduced, and any state variations applicable to any of these items.

You must meet our eligibility requirements in order to become insured, which may include medical underwriting. There is no coverage until we inform you in writing that your application has been processed and approved.

To be considered for reimbursement, expenses must qualify as "covered expenses" under the policy, and are also subject to all other policy provisions, such as reasonable and customary or eligible expense limits, or whether or not they were medically necessary.

Estimated Premium shown is based on the information you provided, and is subject to change based on the plan you select, optional benefits you select (if any), and other factors. We shall exclusively determine the premium actually required, and the effective date of any coverage issued.

In several states, these plans are available only to members of the Federation of American Consumers and Travelers (FACT), an independent consumer organization. If you are not already a member of FACT, you must join in order to be eligible for these plans. Through a special agreement between FACT and Golden Rule, you can enroll in the association through Golden Rule. You will fill out the FACT enrollment form on this website prior to making application to Golden Rule for health insurance. For more information on the benefits of FACT membership, visit www.usafact.org/ (no need to enroll directly - Golden Rule will submit your dues to FACT). Estimated Premium does not include the mandatory monthly dues for FACT membership. FACT membership is not required in every state. Please see the product information for details.

For plans with 2014 effective dates:

This screen is intended only as general information. It presents only a brief overview of some of the standard benefits of the plan(s) shown. Before you apply, please use the link(s) provided to download and review the product information for a more complete explanation of benefits, exclusions, limitations, terms under which the plan(s) may not be renewed or benefits may be reduced, and any state variations applicable to any of these items.

You must select a Primary Care Physician (PCP) within our network and your state of residence. Your PCP refers you to specialists when additional care is needed (no referral needed for a network obstetrician or gynecologist). Important note: If you use a specialist without a referral from a PCP, your network benefits will be reduced. If you do not select a PCP, you will be assigned one to manage your care.

This insurance coverage is not designed or marketed as employer-provided insurance. It does not comply with your state's small-employer group health insurance laws. These plans cannot be used, now or in the future, by you or an employer to provide insurance for employees.

Estimated Premium shown is based on the information you provided, and is subject to change based on the plan you select, and other factors. Optional benefits may be available for additional premium, and may require underwriting. We shall exclusively determine the premium actually required, and the effective date of any coverage issued. To be considered for reimbursement, expenses must qualify as covered expenses and are subject to eligible expense limits unless you use a network provider.

These health insurance plans are issued as association group plans and available only to members of FACT, the Federation of American Consumers and Travelers, www.usafact.org. Estimated Premium does not include the mandatory monthly dues for FACT membership.
