### Product Performance Information:

U-Factor, Solar Heat Gain Coefficient (SHGC), and Visible Light Transmittance (VLT) are certified by the National Fenestration Rating Council (NFRC).

---

Manufacturer stipulates that these ratings conform to applicable NFRC procedures for determining whole product performance. NFRC ratings are determined for a fixed set of environmental conditions and a specific product size. NFRC does not recommend any products and does not warrant the suitability of any product for any specific use.

Design Pressure (DP), Performance Class, and Performance Grade (PG) are certified by a third party organization, in many cases the Window and Door Manufacturers Association (WDMA). The certification requires the performance of at least one product of the product line to be tested in accordance with the applicable performance standards and verified by an independent party. The certification indicates that the product(s) of the product line passed the applicable tests. The certification does not apply to mulled and/or product combinations unless noted. Actual product results will vary and change over the products life.

For more performance information along with information on Florida Product Approval System (FPAS) Number and Texas Dept. of Insurance (TDI) number go to [www.pella.com/performance](http://www.pella.com/performance).

Including during the construction period, casement windows should never be left open and unlocked for prolong periods or during high wind conditions to avoid sash detachment/damage.

## Pella Mid-Atlantic, Inc. (the “Seller”)

### QUOTE:

Due to unprecedented volatility in the market surrounding home improvement materials pricing, this quote is subject to change based on increases from Pella Corporation and our other suppliers. Seller cannot guarantee these prices until the project is purchased. Seller will do its best to honor the original pricing but based on circumstances out of its control, this may not be possible. The Seller is not responsible for delays due to labor troubles, fire, accidents, transportation, or other causes beyond its control.

### CONTRACT:

This Contract constitutes the sole and complete agreement between the Purchaser and Seller and is subject to additional charges should changes be required. No statement, representation or agreement, written or verbal, not appearing on the face of this Contract is binding on the Seller. This Contract is binding upon the Seller only upon acceptance by an authorized executive of the Seller at the home office. All agreements are subject to prior sale, government regulations and requirements. If Contract is not approved, the Purchaser will be notified within fourteen (14) days of Contract date, otherwise the same is automatically approved.

It is the responsibility of the Purchaser to verify all sizes and window attributes prior to ordering. Seller is not responsible or liable for inaccurate measurements. Due to these variances, it is imperative your project manager or installer is involved in the measuring process.

**Purchaser has verified that all attributes and sizes are correct.**

**[INITIAL]** \_\_\_\_\_

*Purchaser agrees to take receipt of all materials within 30 days of either original requested need by date or actual date of arrival at Seller’s warehouse, whichever is later. After 30 days, materials will be subject to a recurring monthly storage fee equal to 20% of product contracted price. All storage fees are required to be paid in whole prior to product delivery. Exceptions for screens and hardware items must be requested and approved prior to order placement.*
